A Roadmap to Strengthen Your State’s Prenatal-to-3 System of Care

Grounded in the science of the developing child and based on comprehensive reviews of the most rigorous evidence available, this Prenatal-to-3 State Policy Roadmap provides 12 evidence-based policy solutions that foster the nurturing environments infants and toddlers need to thrive.

The annual Roadmap includes:

- policy profiles that summarize the research and related impacts on child and family outcomes, and the progress states have made towards full and equitable implementation, and
- state profiles that track implementation of each effective Roadmap policy and strategy, and 18 child and family outcome measures that assess the wellbeing of its infants and toddlers.

Number of Implemented Effective Roadmap Policies by State

4 out of 4	CA	CO	CT	DC	MA	NJ	NY	OR	RI	WA	10 States		
3 out of 4	HI	IL	ME	MD	MI	MT	NE	NM	VT	VA	10 States		
2 out of 4	AK	AZ	AR	DE	IN	IA	MN	MO	NV	OH	SD	11 States	
1 out of 4	FL	ID	KS	KY	LA	NC	NH	ND	OK	PA	UT	WV	12 States
0 out of 4	AL	GA	MS	SC	TN	TX	WI	WY	8 States				

■ State newly implemented at least one effective policy since October 1, 2023.

Few States Are Doing It All, But Many Are Moving Forward

Three states fully implemented four new Roadmap policies and strategies to strengthen their prenatal-to-3 system of care in the last year – Colorado, Montana, and North Carolina.

Prenatal-to-3 State Policy Roadmap

Effective policies impact PN-3 goals and research provides clear state legislative or regulatory action. Effective strategies impact PN-3 goals, but the research does not yet provide precise guidance for state legislative or regulatory action.

● Policy/strategy is aligned with goal in column
 Policy/strategy does not align with goal in column (intentionally blank)

Note: More extensive information on each of the eight PN-3 policy goals can be found in the [Prenatal-to-3 Policy Clearinghouse](#).
