## A Roadmap to Strengthen Your State’s Prenatal-to-3 System of Care

Grounded in the science of the developing child and based on comprehensive reviews of the most rigorous evidence available, this Prenatal-to-3 State Policy Roadmap provides 12 evidence-based policy solutions that foster the nurturing environments infants and toddlers need to thrive.

The annual Roadmap includes:

- policy profiles that summarize the research and related impacts on child and family outcomes, and the progress states have made towards full and equitable implementation, and
- state profiles that track implementation of each effective Roadmap policy and strategy, and 18 child and family outcome measures that assess the wellbeing of its infants and toddlers.

### Number of Implemented Effective Roadmap Policies by State

4 out of 4	CA	CO	CT	DC	MA	NJ	NY	OR	RI	WA	10 States		
3 out of 4	HI	IL	ME	MD	MI	MT	NE	NM	VT	VA	10 States		
2 out of 4	AK	AZ	AR	DE	IN	IA	MN	MO	NV	OH	SD	11 States	
1 out of 4	FL	ID	KS	KY	LA	NC	NH	ND	OK	PA	UT	WV	12 States
0 out of 4	AL	GA	MS	SC	TN	TX	WI	WY				8 States	

## Few States Are Doing It All, But Many Are Moving Forward

Three states fully implemented four new Roadmap policies and strategies to strengthen their prenatal-to-3 system of care in the last year – Colorado, Montana, and North Carolina.

# Prenatal-to-3 State Policy Roadmap

Effective policies impact PN-3 goals and research provides clear state legislative or regulatory action. Effective strategies impact PN-3 goals, but the research does not yet provide precise guidance for state legislative or regulatory action.

● Policy/strategy is aligned with goal in column  
 Policy/strategy does not align with goal in column (intentionally blank)

Note: More extensive information on each of the eight PN-3 policy goals can be found in the [Prenatal-to-3 Policy Clearinghouse](#).
