

## Prenatal-to-3 State Policy Roadmap 2025

### GROUP PRENATAL CARE

What progress have states made in the last year to increase access to group prenatal care?

State	State Context and Policy Progress
Alabama	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Alabama, group prenatal care services were available at three CenteringPregnancy sites in 2025.</p> <p>In the last year, Alabama did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Alaska	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> Alaska did not have any CenteringPregnancy sites in 2025, and we are unaware of any other group prenatal care models in the state.</p> <p>In the last year, Alaska did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Arizona	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> Yes. In 2024, Arizona began offering an enhanced Medicaid reimbursement rate of \$45 per patient, per visit.</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Arizona, group prenatal care services were available at one CenteringPregnancy site in 2025.</p> <p>In the last year, Arizona did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Arkansas	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Arkansas, group prenatal care services were available at one CenteringPregnancy site in 2025.</p> <p>In the last year, Arkansas did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>

California	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In California, group prenatal care services were available at 45 CenteringPregnancy sites in 2025, which is the largest number of sites across states.</p> <p>In the last year, California did not take any legislative or regulatory action to enhance its group prenatal care offerings. California offered an enhanced Medicaid reimbursement rate for group prenatal care of \$11.24 per hour, per patient in 2024, but the rate is not included in Medicaid resources as of September 2025. California is working towards a new enhanced Medicaid reimbursement rate for group prenatal care.</p>
Colorado	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Colorado, group prenatal care services were available at five CenteringPregnancy sites in 2025.</p> <p>In the last year, Colorado did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Connecticut	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Connecticut, group prenatal care services were available at one CenteringPregnancy site in 2025.</p> <p>In the last year, Connecticut did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Delaware	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> Delaware did not have any CenteringPregnancy sites in 2025, and we are unaware of any other group prenatal care models in the state.</p> <p>In the last year, Delaware did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>

District of Columbia	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In the District of Columbia, group prenatal care services were available at six CenteringPregnancy sites in 2025. The District of Columbia also recognizes group prenatal care as an effective strategy to improve maternal and child health outcomes.</p> <p>In the last year, the District of Columbia did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Florida	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Florida, group prenatal care services were available at five CenteringPregnancy sites in 2025.</p> <p>In the last year, Florida did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Georgia	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> Yes. In 2024, Georgia began offering an enhanced rate for group prenatal care of an additional \$30 per patient, per visit, for up to 10 visits. However, only one managed care organization (MCO) in Georgia, CareSource, currently utilizes this rate.</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Georgia, group prenatal care services were available at six CenteringPregnancy sites in 2025.</p> <p>In the last year, legislators introduced H.B. 925 which would, among other provisions, require the Department of Public Health to provide group prenatal care and group postpartum care classes and sessions to pregnant and postpartum women who qualify for the Georgia Women, Infants, and Children (WIC) program. The bill did not pass this session.</p>
Hawaii	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Hawaii, group prenatal care services were available at two CenteringPregnancy sites in 2025. The state also recognizes group prenatal care as an effective strategy to improve maternal and child health outcomes.</p> <p>In the last year, Hawaii did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>

Idaho	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> Idaho did not have any CenteringPregnancy sites in 2025, and we are unaware of any other group prenatal care models in the state.</p> <p>In the last year, Idaho did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Illinois	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Illinois, group prenatal care services were available at 11 CenteringPregnancy sites in 2025. Illinois also recognizes group prenatal care as an effective strategy to improve maternal and child health outcomes. BlueCross BlueShield of Illinois (a managed care organization in the state) is concluding a 3-year partnership with the Centering Healthcare Institute to implement the CenteringPregnancy model at Federally Qualified Health Centers—primarily serving at-risk and underserved populations. The Perinatal Advisory Committee of Illinois has historically recommended that the state Medicaid program adopt enhanced reimbursement rate policies for group prenatal care as a strategy to reduce premature births, but the state has not yet done so.</p> <p>In the last year, Illinois did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Indiana	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Indiana, group prenatal care services were available at 14 CenteringPregnancy sites in 2025. Indiana also recognizes group prenatal care as an effective strategy to improve maternal and child health outcomes. The Indiana Department of Health has suggested that the state should pursue enhanced Medicaid reimbursement rates for group prenatal care, and it provides resources and materials related to the model, but the state has not yet offered an enhanced rate.</p> <p>In the last year, legislators introduced H.B. 1463 which would require Medicaid coverage for group prenatal care. The bill did not pass this session.</p>
Iowa	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Iowa, group prenatal care services were available at one CenteringPregnancy site in 2025.</p> <p>In the last year, Iowa did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>

Kansas	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> Kansas did not have any CenteringPregnancy sites in 2025, and we are unaware of any other group prenatal care models in the state.</p> <p>In the last year, Kansas did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Kentucky	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Kentucky, group prenatal care services were available at two CenteringPregnancy sites in 2025.</p> <p>In the last year, Kentucky did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Louisiana	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> Yes. One managed care organization (MCO) in Louisiana, Healthy Blue LA (formerly known as Amerigroup), currently covers group prenatal care through the CenteringPregnancy model. In 2015, Louisiana's Medicaid program approved Amerigroup to reimburse providers for group prenatal care at an additional \$50 per patient, per visit. However, according to an assessment of the state's program by the Centering Healthcare Institute, many providers may not use the enhanced Medicaid reimbursement billing code because they are unaware that the code exists and only one MCO is available for billing.</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> Despite offering an enhanced Medicaid reimbursement rate, Louisiana did not have any CenteringPregnancy sites in 2025, and we are unaware of any other group prenatal care models in the state.</p> <p>In the last year, Louisiana did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Maine	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Maine, group prenatal care services were available at one CenteringPregnancy site in 2025.</p> <p>In the last year, Maine did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>

Maryland	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> Yes. In 2022, Maryland began offering an enhanced rate for group prenatal care of an additional \$50 per patient, per visit for care delivered through the CenteringPregnancy model.</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> Yes. Maryland offers state or payor grants for CenteringPregnancy models.</p> <p><b>State Context and Policy Update</b> In Maryland, group prenatal care services were available at 16 CenteringPregnancy sites in 2025.</p> <p>In the last year, Maryland did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Massachusetts	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Massachusetts, group prenatal care services were available at five CenteringPregnancy sites in 2025.</p> <p>In the last year, Massachusetts did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Michigan	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> Yes. In 2024, Michigan began offering an enhanced Medicaid reimbursement rate of \$45 per patient, per visit. The enhanced Medicaid reimbursement rate is inclusive of services provided at Federally Qualified Health Centers.</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> Yes. Michigan offers state or payor grants for CenteringPregnancy models.</p> <p><b>State Context and Policy Update</b> In Michigan, group prenatal care services were available at 36 CenteringPregnancy sites in 2025, the third highest number of sites across states.</p> <p>In the last year, legislators introduced S.B. 414 and S.B. 415, which would codify Medicaid reimbursement for group prenatal care and require all insurers in the state to cover and reimburse group prenatal care, respectively. As of September 2025, the bills have not passed.</p>
Minnesota	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Minnesota, group prenatal care services were available at two CenteringPregnancy sites in 2025.</p> <p>In the last year, Minnesota did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>

Mississippi	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> Mississippi did not have any CenteringPregnancy sites in 2025, and we are unaware of any other group prenatal care models in the state.</p> <p>In the last year, Mississippi did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Missouri	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> Yes. In 2023, Missouri HealthNet Division began offering an enhanced Medicaid reimbursement of \$40 per patient, per visit. The enhanced Medicaid reimbursement rate is inclusive of services provided at Federally Qualified Health Centers. Reimbursement is available for CenteringPregnancy, March of Dimes, and EleVATE group prenatal care models.</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Missouri, group prenatal care services were available at two CenteringPregnancy sites in 2025.</p> <p>In the last year, Missouri did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Montana	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> Yes. In 2017, Montana began offering an enhanced Medicaid reimbursement of \$30 per patient, per visit. The enhanced Medicaid reimbursement rate is inclusive of services provided at Federally Qualified Health Centers.</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> Despite having an enhanced reimbursement rate, Montana did not have any CenteringPregnancy sites in 2025, and we are unaware of any other group prenatal care models in the state. Montana recognizes group prenatal care as an effective strategy to improve maternal and child health outcomes.</p> <p>In the last year, Montana did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Nebraska	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Nebraska, group prenatal care services were available at three CenteringPregnancy sites in 2025. Nebraska also recognizes group prenatal care as an effective strategy to improve maternal and child health outcomes.</p> <p>In the last year, Nebraska did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>

Nevada	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Nevada, group prenatal care services were available at two CenteringPregnancy sites in 2025.</p> <p>In the last year, Nevada did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
New Hampshire	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In New Hampshire, group prenatal care services were available at two CenteringPregnancy sites in 2025. New Hampshire also recognizes group prenatal care as an effective strategy to improve maternal and child health outcomes by including the practice in its State Health Improvement Plan.</p> <p>In the last year, New Hampshire did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
New Jersey	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> Yes. In 2019, legislators expanded the state's Medicaid program to cover group prenatal care services at an enhanced rate of an additional \$7 per patient, per visit. This rate is substantially lower than other states' enhanced Medicaid reimbursement rate.</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No.</p> <p><b>State Context and Policy Update</b> In New Jersey, group prenatal care services were available at 25 CenteringPregnancy sites in 2025. New Jersey also recognizes group prenatal care as an effective strategy to improve maternal and child health outcomes.</p> <p>In the last year, New Jersey did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
New Mexico	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In New Mexico, group prenatal care services were available at one CenteringPregnancy site in 2025.</p> <p>In the last year, New Mexico did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>

New York	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In New York, group prenatal care services were available at 22 CenteringPregnancy sites in 2025.</p> <p>In the last year, New York did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
North Carolina	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> Yes. In 2023, North Carolina began offering an enhanced Medicaid reimbursement of \$250 per group, after patients attend five or more visits. The enhanced Medicaid reimbursement rate is inclusive of services provided at Federally Qualified Health Centers.</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In North Carolina, group prenatal care services were available at 22 CenteringPregnancy sites in 2025. In 2020, North Carolina recognized group prenatal care as an effective strategy to improve maternal health and the Department of Health and Human Services recommended payors develop policies to encourage the use of group prenatal care.</p> <p>In the last year, North Carolina did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
North Dakota	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In North Dakota, group prenatal care services were available at one CenteringPregnancy site in 2025.</p> <p>In the last year, North Dakota did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Ohio	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> Yes. In 2021, Ohio began offering an enhanced Medicaid reimbursement rate for group prenatal care of \$45 per patient, per visit, for up to six sessions. Additional group pregnancy education without a care component can be billed for up to 12 sessions. The enhanced Medicaid reimbursement rate is inclusive of services provided at Federally Qualified Health Centers.</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Ohio, group prenatal care services were available at 37 CenteringPregnancy sites in 2025, the second highest number of sites across states.</p> <p>In the last year, Ohio did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>

Oklahoma	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Oklahoma, group prenatal care services were available at three CenteringPregnancy sites in 2025.</p> <p>In the last year, Oklahoma did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Oregon	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Oregon, group prenatal care services were available at 10 CenteringPregnancy sites in 2025.</p> <p>In the last year, Oregon did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Pennsylvania	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Pennsylvania, group prenatal care services were available at 16 CenteringPregnancy sites in 2025.</p> <p>In the last year, Pennsylvania did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Rhode Island	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Rhode Island, group prenatal care services were available at one CenteringPregnancy site in 2025.</p> <p>In the last year, Rhode Island did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>

South Carolina	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> Yes. In 2016, South Carolina began offering an enhanced Medicaid reimbursement rate for group prenatal care using the CenteringPregnancy model of \$30 per visit, per patient, for up to 10 visits. There is also an additional one-time retention reimbursement on or after the fifth visit of \$175 per patient.</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In South Carolina, group prenatal care services were available at 17 CenteringPregnancy sites in 2025.</p> <p>In the last year, South Carolina did not take additional legislative or regulatory action to enhance its group prenatal care offerings.</p>
South Dakota	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> South Dakota did not have any CenteringPregnancy sites in 2025, and we are unaware of any other group prenatal care models in the state.</p> <p>In the last year, South Dakota did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Tennessee	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Tennessee, group prenatal care services were available at one CenteringPregnancy site in 2025.</p> <p>In the last year, Tennessee did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Texas	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> Yes. In 2015, Texas began offering an enhanced Medicaid reimbursement rate for group prenatal care of \$42.27 per patient, per visit, for up to 10 visits.</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> Yes. Texas offers state or payor grants for CenteringPregnancy models.</p> <p><b>State Context and Policy Update</b> In Texas, group prenatal care services were available at 22 CenteringPregnancy sites in 2025.</p> <p>In the last year, Texas did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>

Utah	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b>  Yes. In 2025, Utah began offering an enhanced Medicaid reimbursement rate of \$20 per patient, per visit, for up to eight visits. Previously, the state offered an enhanced Medicaid reimbursement rate of \$9.92 per patient, per visit. However, according to an assessment of the state's program by the Centering Healthcare Institute, the reimbursement rate does not cover the full clinical scope of services included in the CenteringPregnancy curriculum. Additionally, providers may not be using the enhanced Medicaid reimbursement billing code because they are unaware that the code exists.</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b>  In Utah, group prenatal care services were available at one CenteringPregnancy site in 2025.</p> <p>In the last year, Utah took administrative action to increase the enhanced Medicaid reimbursement rate from \$9.92 to \$20 per patient, per visit. The state did not take any legislative action.</p>
Vermont	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b>  No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b>  Vermont did not have any CenteringPregnancy sites in 2025, and we are unaware of any other group prenatal care models in the state.</p> <p>In the last year, Vermont did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Virginia	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b>  No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b>  In Virginia, group prenatal care services were available at one CenteringPregnancy site in 2025.</p> <p>In the last year, Virginia did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Washington	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b>  No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b>  In Washington, group prenatal care services were available at 13 CenteringPregnancy sites in 2025.</p> <p>In the last year, Washington did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>

West Virginia	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In West Virginia, group prenatal care services were available at one CenteringPregnancy site in 2025.</p> <p>In the last year, West Virginia did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Wisconsin	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> In Wisconsin, group prenatal care services were available at one CenteringPregnancy site in 2025. Wisconsin also recognizes group prenatal care as an effective strategy to improve maternal and child health outcomes. The Wisconsin Department of Health Services promotes the CenteringPregnancy model in the state's Healthy Births initiative.</p> <p>In the last year, Wisconsin did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
Wyoming	<p><b>Does the state offer an enhanced Medicaid reimbursement rate to incentivize group prenatal care?</b> No</p> <p><b>Does the state invest funding to pilot or scale up group prenatal care in the state?</b> No</p> <p><b>State Context and Policy Update</b> Wyoming did not have any CenteringPregnancy sites in 2025, and we are unaware of any other group prenatal care models in the state. Wyoming does, however, recognize group prenatal care as an effective strategy to improve maternal and child health outcomes.</p> <p>In the last year, Wyoming did not take any legislative or regulatory action to enhance its group prenatal care offerings.</p>
